Confidentiality: Every attempt will be made to respect the wishes of those bidders who desire their bids to remain confidential and notify us in writing in advance.

Due to the nature of storm damaged timber payment on Pay-As-Cut terms are accepted as appropriate and necessary. Each bidder is expected to submit their bid in a manner they deem best fitting for their interests, but should keep in mind that the more complicated the bid, the less likely it will be accepted. Complicated bids are difficult to evaluate against other bids and increase both the cost of monitoring and the risk of lost profit to unreported volume or poor product merchandising.

Please record your bid clear and legibly in the space provided below. You may also attach a separate signed printout.

Please respond to the following questions and concerns.

- ❖ When can you start harvesting? Note: once started, harvesting needs to continue until all designated area has been cut. Brief shutdown for weather excepted.

Date: _____

- ❖ How will you ensure good utilization and product separation into highest and best use?

- ❖ Weekly volume reports and payment is required. Volume reports must be clear and legible, and must include the following information:

Scale used and volume by scale (Doyle, Int'1 ¼, tons)	Receiving mill name, volume, product, receipt
Volume by product (stave, tie log, pallet, pulpwood)	Driver's name and log yard receiver's name
Date and time of delivery.	Source: "WFLP"

- ❖ Exceptions and conditions of proposal modifying prospectus, contract, or foresters conditions:
